

This third edition of the Conference AUTOMOTIVE 2018 will be held from the 9th to the 11th of July 2018. It aims to be the forum of the automotive community to present and discuss the most recent results of scientific and technological research in this industry, with particular emphasis to applications and new trends. The Conference will cover all aspects of the segment focusing on electrical vehicles, connected autonomous cars and related mobility.

AUTOMOTIVE 2018 will bring together in an annual international event over three days the automotive community and the Information and Communication Technology one.

The Steering and the Technical Program Committees will include experts from Academic and Association world, key industrial stakeholders and representatives of public Authorities.

The AUTOMOTIVE 2018 program will be structured in scientific sessions including accepted papers, key-note speeches, round tables and panel discussion, covering current automotive scenario with national and international perspectives, development trends and regulatory framework. Legal, ethical and social aspects related to the new driving and mobility will be also addressed.

AUTOMOTIVE 2018 is aimed at an academic and industrial audience, professionals active in automotive, including designers, manufacturers and users of technology, as well as public administration officers, analysts and investors interested in this sector in great development and of high social impact.

Technical Programme Overview

Politecnico di Milano - Bovisa Campus

Monday, July 9th 2018

9	.30	0-	11	,00	0	D	en	ing
	_	_		, – -	_			

11,00 Keynote Speech

11,30-13,00 Plenary session I

ROOM A

Automotive industry perspectives and new business models: technological, regulatory and social drivers

13,00-14,00 Lunch Break

14,00	Session A1 Powertrain I	ROOM A
	Session B1 Batteries	ROOM B

15,45-16,15 Coffee break

16,15	Session A2 Assisted and Autonomous	ROOM A
	Driving I	
	Session B2 Special Session IMAPS	ROOM B

Tuesday, July 10th 2018

9,00	Session A3 Mobility in Smart Cities I	ROOM A
	Session B3 Car Pooling	ROOM B

10,45-11,15 Coffee break

11,15	-12,45 Plenary session II	ROOM A
Power	train and energy management	
	12,45-13,45 Lunch Break	
13,45	Session A4 Energy Infrastructures I	ROOM A
	Session B4 Assisted and Autonomous Driving II	ROOM B
	15,30-16,00 Coffee break	
16,00	Session A5 5G for Automotive	ROOM A
	Session B5 Energy Infrastructures II	ROOM B
	Session C5 Exhibitor Showcase I	ROOM C
	Wednesday, July 11 th 2018	
9,00	Session A6 Powertrain II	ROOM A
	Session B6 Smart Systems	ROOM B
	Session C6 Exhibitor Showcase II	ROOM C
	10,45-11,15 Coffee break	
11,15	-13,15 Plenary session III	ROOM A
	ed and autonomous driving: technology, eth and social aspects	ical,
	13,15-14,15 Lunch Break	
14,15	Session A7 Assisted and Autonomous Driving III	ROOM A
	Session B7 Powertrain III	ROOM B
	Session C7 Mobility in Smart Cities II and Quality	ROOM C

16,15 Conclusions
